ROTO SEEDER

Wheat Specialist

SALIENT FEATURES

Boron Steel Blade

Effectively chops the soil, weed and residue. Sturdy and durable. Helical blades transmits less load on tractor.

Rate Adjustment

Two different levers for seed & fertilizer helps to adjust delivery rate

Floating Gear Box

Supported by side plates, it prevents cracking of the main frame and loosening of hardware.

Ground Wheel

It transmits drive to the seed & fertilizer metering device. Maintains uniform seed rate.

Adjustable Skid

Provides the ease of depth adjustment. Safety cover protects from mud as well as wear and tear.
